Are there Different Types of Membership?

Yes. There are currently two different types of membership. The traditional membership, now called National (or Full) Membership and Recreational Membership.

What is a Recreational Membership?

A recreational membership is a one-time/one meet membership. It is designed so that an athlete can participate in a local meet at a reduced rate. If you wish to participate in more than one WASUSA sanctioned meet in a calendar year, the meet fee (currently \$10.00) will be charged for each and every meet you attend; regardless of the number of sports in which you participate.

National (or Full) membership runs on a calendar year basis and for the first time we now are offering one, two or three-year memberships. Multiple year memberships are available at a discounted rate.

You may sign up as an athlete, coach, official or any combination. For those members not fitting in any category, there is a patron class.

How do I sign up?

You have two options for either initiating or renewing your membership

1. You can sign up for either a National or Recreational Membership online on our website (www.wasusa.org). Our membership vendor is Active.com and the link will take you to their site. You simply choose the type of membership, enter the general data (name, address, etc.) and choose the sports in which you wish to participate. In the case of a recreational membership, you will be asked for the name of the meet for which you wish to participate. National membership will require you elect a one, two, or three-year membership. Enter your credit card information, and....you're done!
2. The other method is registration by regular mail. You will find the appropriate membership form on our website. You complete the information and send it, along with a check or money order for the appropriate amount, to:
